We wanted to thank you for your services at our July wedding. We are so unbelievably pleased to have had the opportunity to meet you. We feel you captured our personalities perfectly in your song choices, games and jokes. Everything was so seamless and there was a great energy and atmosphere in the room. It was very important to us for everyone to have a good time. Three days have passed since our wedding and we are constantly getting messages about how much fun people had that night. We really appreciate how you got to know us, and as our MC, included all our guests in our wedding from start to end. It really felt like you were telling them "our story."

In a day in age where good service is hard to find, you showed us that it still exists. Not only did you perform the services of DJ and MC, you acted as our wedding planner, arranging meetings with us, making sure nothing slipped through the cracks and reminding us to enjoy every minute of our planning, wedding and marriage. Your services were worth every penny. We will definitely be recommending you to friends and family, and will hopefully have the honour to attend another wedding you are DJ/MCing! Thank you so much for sharing in our special day and making it a night that we will never forget!

P.S. Thanks for saving the day at the ceremony too!
